Who are We?

The JFK Club is one of Sacramento's oldest Political clubs

Our members work actively for working families, affordable and accessible health care, restoring our Bill of Rights, protecting our right to honest elections, energy independence, a clean environment and safe food, a living wage and restoring our place among nations.

Our Mission

is to elect Democrats who will represent us on the local, state and federal levels. We believe in preserving and fostering the Democratic Party's principles and its spirit of dedication in support of the rights, liberties and dreams of all citizens of American society, with equality and without exclusion, through education, voter registration and personal participation in the political process in all local, state and national political campaigns and elections for public office and political initiatives and referenda.

Our Values

We stand for human rights and social justice. We believe in equal opportunity without the exclusion of any citizen or resident. We are committed to the rule of law and public election of governmental officeholders by Democratic process.

Get Involved -Join Us!
